

Healthcare

Devon Glazer

Surgeon and CEO
Artisan Foot & Ankle Specialists

Education Background:

University of North Texas
New York College of Podiatric Medicine
D.P.M and Fellow in the American College of Foot and Ankle Surgeons (FACFAS)

Current Job Tasks:

I am a foot and ankle surgeon. Part of my job involves training residents and fellows. I am also a president elect of the California Podiatric Medical Association.

Favorite Thing About Their Job:

Being able to help people! And being able to see the change from a patient having a bad foot to a foot they can now walk on is very rewarding.

Piece of Advice:

Medicine is about giving back. Be compassionate and this field will fulfill all your needs as a person.

Marcos N. Magar

Owner, Dentist
Beach Dental Group

Education Background:

UC Irvine—Bachelor of Science in Biological Science
USC—Doctor in Dental Surgery

Current Job Tasks:

Treat patients and manage a multidisciplinary dental office to encompass a holistic approach to oral health.

Favorite Thing About Their Job:

Cannot pick one favorite thing. Top three:

- Meeting new people.
- Constantly learning an evolving field.
- The different ways I can improve someone's life.

Piece of Advice:

Know this is the field you want to pursue. Do not let pitfalls detour you. Dentistry is not for the weak or feeble minded.

Healthcare

Albert Chang

Medical Director
UCI Student Health Center

Education Background:

Bachelors Biology - UC Santa Cruz

Masters Public Health - Boston University MD - Boston University Pediatric Training - Children's Hospital

Orange County Preventive Medicine Training - UCLA

Current Job Tasks:

I oversee the Doctors and Staff at the Student Health Center, making sure that we are providing the top level of quality care, and creating an environment to support the physical, emotional, and social health and well-being of all students.

Favorite Thing About Their Job:

Making a difference in the lives of people, supporting Physicians and healthcare providers and making improvements in the process, so that may work in a strong supportive environment. Collaboration with others to create an overall culture of health on campus.

Piece of Advice:

Continue to keep you focus on what is directly ahead of you, make sure to have a plan for applying and entering healthcare, but also keep your eyes and mind open to other things you may find of interest. With the changes in healthcare happening all around us, there are opportunities to create a unique field or position that allows you to fulfill several goals and passions at once.
