The Class of 2016 post-graduate destinations include Bachelor Level recipients from summer 2015 to spring 2016. This study presents data from 2,162 of the 6,226 undergraduates from the class of 2016, for a 35% knowledge rate. Employment results were obtained from LIVELUMI data cultivated from LinkedIn profiles. Graduate school data was obtained from the National Student Clearinghouse. Findings are consistent with other University of California campuses. Please contact the Career Center for any additional questions regarding student outcomes.
