EDUCATION

University of California, Irvine

Bachelor of Science in Pharmaceutical Sciences

GPA 3.5

Campuswide Honors Program— selected to be part of academic program that admits the top 3% of UC Irvine students

LEADERSHIP AND INVOLVEMENTS

Pre-Pharmacy Society (PPS) at UCI President May 20XX - Present

- Assisted board members with their duties, established and enhanced board relations, and led discussions during board meetings to ensure positive development of the organization.

Peer Academic Advisor April 20XX – Present

- Counseled students in selecting courses, planning quarterly programs of study, learning about various majors and minors, obtaining information about UCI's resources and opportunities, and adjusting to life as UCI undergraduates.

Sabil USA Student Liaison April 20XX – Present

- Volunteered at monthly food pantry and food distribution events, and encouraged and coordinated UCI student participation.

Campuswide Honors Program (CHP) Peer Mentor May 20XX– Present

- Answered questions regarding student life and CHP classes, referred mentees to on-campus resources, and tutored students in honors courses (Humanities, Chemistry, Biology).

Undergraduate Researcher at Bota Laboratory October 20XX – Present

- Tested 16 mitochondrial Lon-inhibitor compounds' ability to decrease viability in two malignant glioma lines D-54 MG and U-251 MG, and cytotoxicity in two normal human cell lines HPF242 and MCF10A.

Pre-Pharmacy Society (PPS) at UCI Ambassador June 20XX – May 20XX

- Organized Pre-Pharmacy Society at UCI's annual Pre-Pharmacy Day (PPD) and collaborated with other school ambassadors to host the Southern California Pre-Pharmacy Symposium (SCPPS)
- Coordinated with the PPS at UCI Social Chairs to host the Pre-Pharmacy Society Bonfire and assisted the PPS at UCI External Vice President with hosting pharmacy school mixers.

AWARDS AND ACCOMPLISHMENTS

Excellence in Research in Biological Sciences May 20XX

- Awarded to undergraduate students who complete the Excellence in Research Program, which includes writing an Excellence in Research paper and participation in both a departmental and program-wide poster symposium.

Summer Undergraduate Research Program (SURP) Fellowship June 20XX

- Awarded in support of proposed project, "Preclinical Development of Coumarinic Compounds as a Novel, Mitochondrial-Targeted Therapy for Glioblastoma," under the supervision of Professor Daniela Bota.
