EDUCATION

Bachelor of Science in Biological Sciences

June 20XX

University of California, Irvine

GPA: 3.46, Dean's Honors List, 4 quarters

RESEARCH EXPERIENCE

Research Assistant

October 20XX - Present

Family Medicine Clinical Research, UCI

- Performed literature reviews on primary articles to design surveys that gather demographic information of hundreds of clinic patients
- Presented a project orally concerning common free clinic patient illnesses at UCI's Undergraduate Research Opportunities Program Symposium to fellow students and professors
- Composed and presented posters on the efficiency of pharmacy clinics and the procedural scope of family medicine at the Institute for Clinical and Translational Science, and The Society of Teachers and Family Medicines Medical Student Education and Annual Spring Conferences to doctors, pharmacists, and medical students
- Analyzed factors that increase specialization into family medicine of medical students in a research project through the Summer Undergraduate Research Program

Summer Undergraduate Research Fellowship Scholar

June 201XX – August 20XX

Department of Psychology and Social Behavior, UCI

- Conducted research involving understanding creativity in adolescents
- Observed pictorial representations of words drawn by adolescents in China and in the United States and transferred coded data into SPSS
- Researched migrants' creativity toward adapting to new environments
- Presented poster to students and faculty members at the Summer Research Symposium

PROFESSIONAL EXPERIENCE

Office of Internal Vice President Commissioner

September 20XX - Present

Associated Students of UCI, UCI

- Serve as a link between administrators and students through the use of assertive but respectful discussions to ensure the voices of all 25,000 students are heard
- Manage 14 interns by encouraging innovative solutions to plan events for undergraduate students
- Collaborate with other commissioners by hosting joint events to cover multiple perspectives of an issue
- Conducted surveys and video statements to analyze the food insecurity issues of the students

Student Assistant III

September 20XX – September 20XX

Office of Research and Graduate Studies, UCI

- Managed reimbursements for the office using Microsoft Excel for the data entries
- Designed flyers with Microsoft Word to promote UC LEADS information sessions and awareness campaigns
- Formulated 3 portfolios for Office of Graduate Studies' undergraduate programs

Student Worker

November 20XX – June 20XX

Anteater Dining Commons, UCI

- Served other students by working with a diverse team at various work stations
- Effectively communicated with employees and provided translation services
- Managed many stations at once, especially when understaffed, by delegating tasks to others
