CAREER FAIR TIPS

AT THE FAIR

- Review the map and locate your targeted companies
- Approach a representative at one of your targeted companies, smile, shake hands, and introduce yourself with your elevator pitch
- Ask good questions that show you researched the company
- Thank the employer, ask for a business card and/or leave your resume with them (if that's okay), shake their hand again, and smile (don't focus on the giveaway items)
- Visit the Division of Career Pathways "Ask a Career Counselor" table if you have any questions or would like additional tips or advice

AFTER THE FAIR

- Organize all your notes, business cards, or company literature so that you can easily refer to the information
- Follow any instruction you received from the employer, including applying online
- Follow up with the company reps by sending them a thank you email within 24 hours (thank them for their time, inquire about any items left unfinished, and ask any follow up questions)
- Prepare for any potential interviews
